About Me

I am a wine lover, storyteller, boy mum, Beeliar local, who loves to write, share and deliver wedding ceremonies that truly capture the essence of YOU, the couple we are celebrating!!!

I am also known to be wildly inappropriate with a sarcastic sense of humour but most importantly I always know when to put my 'professional pants' on so that above all your ceremony is fun and filled with laughter whilst leaving your Nanna with a warm fuzzy feeling in her heart. I like to think I strike the perfect balance of humour, loving sentiment and story telling that takes your loved ones on your journey to date.

My Style

- I have zero hang ups on how a ceremony should look/sound/feel. Don't want to say or do something? No problems. As long as the legal wording is included, your ceremony is what we make it!
- My background is in event management so I am organised, beyond belief. I live my life in checklists. No joke. Which also means I am very relaxed and confident in my delivery.
- I promise to have your back throughout the planning of your wedding and on your special day. I love making the ceremony as stress-free as possible for my couples and I want you to feel like you have a friend on your side during the whole process.

SO WHAT'S INCLUDED?

We Like What We See... What Is Next?

STEP 1: Reach out and we can set up a video call to chat more about your big day. During the call, I will take you through how a ceremony can look and feel and explain the important legal process. Our call is completely obligation free and they usually last around 30-45 mins.

STEP 2: Lock me in! If you want to progress, I will send you a confirmation letter and a booking fee invoice. Once that booking fee invoice is paid, I am locked in for your big day!!!

STEP 3: About 6 months out (if not required sooner), we will meet to complete your legal documents and chat further about your ceremony plans. You will start completing your questionnaire and following this I will commence crafting your dream ceremony. 8 weeks out your final invoice is due

STEP 4: It's rehearsal and wedding time. I will deliver an amazing ceremony that knocks your socks off and ensures that you are married according to law in Australia.

STEP 5: I register your marriage and send you the next steps on how to change your name, if a name change is on the cards!

Let's chat!

In my four years as a celebrant and after delivering literally hundreds of ceremonies, I have learnt that no two ceremonies are the same, as no two couples are the same. I am here to make your day easy, fun, stress free and tailored specifically just to you.
